

A man and a woman are standing in an elevator, smiling and looking at each other. The man is on the left, wearing a dark blue double-breasted suit, a white shirt, and a blue patterned tie. He is holding a smartphone in his left hand and a suitcase handle in his right. The woman is on the right, wearing a light-colored, long-sleeved blouse and a light blue skirt. She is carrying a brown leather bag with a chain strap. In the background, another person is visible, slightly out of focus. The elevator walls have a geometric pattern.

THE CONNECTED,
HIGH-SPEED
ELEVATOR IS HERE

A NEW ERA OF ELEVATOR EXPERIENCE

In an increasingly digitalized world, everything is connected – and elevators are no exception. With the KONE MiniSpace™ DX you can create a completely new kind of elevator experience in mid and high-rise buildings.

DX stands for digital experience, because with the KONE MiniSpace DX you can create an experience that really connects – on every level. Connectivity lets you benefit from improved people flow plus a variety of innovative new services to make everyday life even easier and more enjoyable.

Powered by the compact KONE EcoDisc® hoisting motor, the KONE MiniSpace DX features a highly compact machine room that is simply an extension of the elevator shaft – meaning it's fast and cost-efficient to install. Contact your local KONE sales representative to find out more.

1

Get more value out of every square meter with connectivity

By adding connectivity to your elevators you make them smarter and more desirable – helping you get more value out of every square meter of your building. New services enabled by the KONE digital platform and KONE Partner Ecosystem, as well as application programming interfaces (APIs), make everyday life even easier and more convenient for everyone.

2

Differentiate with a redefined user experience for tenants and visitors

Redefine the elevator user experience, bring your vision to life, and inspire users with our new car interior designs, functional and durable materials, direct and indirect lighting, infotainment features, and user-friendly signalization.

3

Plan for success with KONE as your partner

Make the right decisions first time and plan your elevator down to the very last detail with our next-generation planning tools. We also offer sustainable materials and technologies to help you achieve green building certifications and ensure compliance with safety codes and standards.

Easy to upgrade

Connectivity gives you the possibility to upgrade in the future as your needs change by adding new connected services and features as and when you need them.

Best-in-class eco-efficiency

Save energy and cut your building's carbon footprint with our eco-efficient hoisting, lighting, and standby solutions. KONE's new eco motors bring increased performance and reliability with new motion feedback and quieter brakes.

Less space, faster construction

The machine room is simply an extension of the elevator shaft, making installation safer, faster, and more cost-efficient.

FUTURE-PROOF YOUR BUILDING WITH CONNECTIVITY

We have added connectivity to make the KONE MiniSpace DX smarter and more desirable than ever before. Connected people flow means your elevator solution never stands still and your building gets better with every update.

To bring you peace of mind in the digital world, cybersecurity and privacy are designed into our digital services and connections. Monitoring our digital environments around the clock helps us take proper care of them for you now and in the future.

GET MORE VALUE OUT OF EVERY SQUARE METER WITH CONNECTIVITY

Smart solutions based on connected digital technologies not only help buildings attract a premium price, they also help to speed up the sales or leasing process.

With KONE MiniSpace DX you can take advantage of a whole new suite of solutions and services that make life easier and more convenient for users. These include digitally enabled KONE solutions like KONE Residential Flow for improved accessibility and people flow, and KONE 24/7 Connected Services for the best possible elevator availability.

With KONE APIs you also have the freedom to develop your own smart building solutions, allowing you to further customize the elevator experience to meet the needs of your building and its users.

You can also benefit from solutions and services developed by the growing number of partners of the KONE Partner Ecosystem, which develops solutions that can be integrated with KONE DX Class elevators.

IMPROVE CONVENIENCE AND COMFORT

KONE 24/7 Connected Services provides elevator status data for easier monitoring and troubleshooting. It increases safety and provides full transparency and peace of mind, because if something would happen, we'd already know about it.

With KONE Residential Flow you can help your building stand out in a crowded market while making everyday life easier for residents. It helps solve residents' everyday challenges like lost keys or missing important announcements or deliveries by connecting building doors, elevators, info screens, and intercom systems via an easy-to-use smartphone application.

DIFFERENTIATE WITH A REDEFINED USER EXPERIENCE FOR TENANTS AND VISITORS

Deliver a user experience that inspires, informs, and delights. With KONE MiniSpace DX Class elevators you can harness the power of digitalization to take the elevator journey far beyond the ordinary. A whole new range of car designs, material options, and lighting and signalization choices – as well as customizable digital infotainment solutions and health and well-being solutions – adds value to your building.

FUNCTIONAL, DURABLE MATERIALS

Design a car interior that's easier than ever to clean, maintain, and keep looking its best with our new range of innovative materials, including finishes with anti-fingerprint properties.

INSPIRATIONAL LIGHTING

Create just the right ambience with new elevator lighting designs. Our new range includes direct and indirect lighting that can be combined to stunning effect.

HEALTH AND WELL-BEING SOLUTIONS

KONE's people flow expertise, together with a range of health and well-being solutions, help to increase safety and contribute to a healthier building environment.

INSPIRING INFOTAINMENT SOLUTIONS

Create an even richer experience for everyone with entertainment and communication solutions that completely transform your building's user experience.

HUMAN INSIGHT-DRIVEN DESIGN

People are the lifeblood of buildings, so our design philosophy is based on a human insight-driven approach that takes the whole elevator experience into account to make sure it connects on every level – from the visual to the emotional, and everything in between.
